

Multimeric Biotherapeutics, Inc.
(“Multimeric”)
“Unlocking the potential of the TNF SuperFamily Ligands”

Multimeric Biotherapeutics, Inc. relocates its laboratories to the San Diego Science Center.

August 1, 2011, La Jolla, CA – Multimeric Biotherapeutics, Inc. (“Multimeric”) announced today that it has relocated its laboratories from Carlsbad, CA to the San Diego Science Center, 3030 Bunker Hill Street Suite 115B, San Diego, CA 92109-5754. Its corporate mailing address remains 5580 La Jolla Blvd Ste 76, La Jolla, CA 92037-7651.

The San Diego Science Center consists of newly renovated space in a 105,000 sq ft building. Common resources include glass wash & autoclave, conference rooms, reception, shipping & receiving, breakroom. The building as a whole houses about 40 biotech companies, many in the immunology field.

About Multimeric Biotherapeutics, Inc.

Multimeric Biotherapeutics, Inc. is a privately held, early-stage biotech company focused on applying CD40L and other TNF SuperFamily ligands for the prevention and treatment of disease. Its core, patented technology is being used to create next-generation vaccines and tumor immunotherapies. MultimericBio has offices in La Jolla, CA, and laboratories in San Diego, CA.
